

GREAT MISSENDEN TRUST MEMBERS AND DIRECTORS/TRUSTEES

REGISTER OF INTERESTS 2016-17

The Great Missenden Trust was established on 1st April 2014. It is a company limited by guarantee and an exempt charity.

There are 4 Members of the Trust, who appoint the Directors.

The Directors, who are trustees under charity law, are responsible for:

- the strategic direction of the academy trust
- approving MAT policies
- approving the MAT Development Plan and Budget
- monitoring performance against these plans
- making major decisions about the direction of the Trust, including its curriculum, the achievement and welfare of students and staff, its staffing and its estate.

The MAT Scheme of Delegated Authority sets out which of these responsibilities may be delegated to the Local Governing Bodies of the academies in the Trust.

The Great Missenden Trust is privileged to enjoy the support of many stakeholders and members of the communities in which it operates. Many of these give their time generously on a voluntary basis, across a diverse range of activities which benefit the Trust in many ways.

A particular strength of the Trust is its ability to attract individuals with the specialist skills and experience coupled with the dedication and independence required to ensure a very effective governance structure for the Trust.

Many of these key contributors are drawn from the local community, and from stakeholder public and private sector organisations/groups.

Details of the current Members and Directors professional and other experience are listed on the MAT website, and any business or pecuniary interests are outlined below:
